POST-OPERATIVE INSTRUCTIONS FOR MINOR OFFICE SURGERY

1. You may remove your bandage on the day following surgery.
2. You may choose to cover the incision with a Band-Aid or leave incision uncovered.
3. It is ok to take a shower on the day after surgery.
 - Please no swimming, hot tubs, or baths until sutures are removed.
4. Please do not apply creams, ointments, Neosporin, or Peroxide to the incision.
5. You may take Tylenol or Motrin for pain management and discomfort.
6. If severe inflammation (redness, warmth to touch, increased tenderness, increased drainage, or red streaks) occurs, please contact the office immediately.
7. If you need to contact someone after hours or on a weekend, please call the office number and our answering service will contact the surgeon on call.

Note: The tissue removed at the office visit today will be forwarded to Pathology Associates of Fredericksburg for analysis and diagnosis. You will receive a separate bill for their services. Should you have inquiries about the charge, you may reach their office at 540-741-7614.
